

## DRINKS AT FIRE AND FROMAGE

Jimmy spent 5 seasons running a Ski Lodge in Courcheval back in the day, and the warm Alpine welcome that was extended over that time is the inspiration for Fire & Fromage. We may not have the mountains, snow or ski's here on Southbank but we have certainly got the flavours and the festive vibes. You'll be needing to get your evening started and compliment your food tonight so below is our drinks list to get you "pining" (sorry!) for the mountains...

One of the team will be round shortly to let you know how it will work in more detail and to explain the menu, so you get the most (cheese) out of your evening!

We have a couple of drinks suggestions below to start the evening off or you can see the full drinks list on the next page. If you have any questions throughout the evening just give us a wave - we will be right over. Enjoy your evening!

The Jimmy's Pop Up Team
